

WHY COUGHING IS VITAL FOR YOUR HEALTH

People often think of coughing as a nuisance. But it plays a vital role in keeping your upper airways clear, so your lungs can function properly, and you don't develop dangerous infections.

That's why it's so important to help your body simulate a cough if you have a condition that makes coughing difficult.

The Synclara™ Cough System does just that. It's a trusted, non-invasive therapy that simulates coughing, so you can remove secretions from your upper airways.

ABOUT HILLROM

Hillrom is a global medical technology leader whose 10,000 employees have a single purpose: enhancing outcomes for patients and their caregivers by advancing connected care. Around the world, our innovations touch over 7 million patients each day. They help enable earlier diagnosis and treatment, optimize surgical efficiency and accelerate patient recovery while simplifying clinical communication and shifting care closer to home. We make these outcomes possible through connected smart beds, patient lifts, patient assessment and monitoring technologies, caregiver collaboration tools, respiratory care devices, advanced operating room equipment and more, delivering actionable, real-time insights at the point of care. **Learn more at respiratorycare.hill-rom.com.**

The Synclara™
Cough System

GET CLEAR.

IN SYNC WITH YOUR BODY

The Synclara™ Cough System is designed to work with your body, so your therapy is individualized for you.

- **PAP (Positive Airway Pressure)** keeps your airways open between cough cycles, while your lungs rest.
- **Adjusts to your breathing:** The Synclara Cough System senses how you're breathing and automatically adjusts the cough cycle to your rhythm.
- **Programmable cycles** make it easy for your care team to tailor your therapy to your needs.

FITS IN YOUR LIFE

Doing your therapy regularly, as your doctor prescribed, is extremely important for your health. The Synclara Cough System makes that simple, with a convenient, lightweight device that's easy to use.

EASY TO USE:

An intuitive touchscreen is easy to navigate, and your doctor's treatment program is push-button simple.

PORTABLE:

Small, lightweight and battery or wall powered, The Synclara Cough System goes wherever you do.

HILLROM IS HERE FOR YOU.

Your health is our top priority. So we do everything possible to make sure you're getting the therapy you need, feel comfortable using it, and can get answers to questions whenever they come up.
