Introducing the Welch Allyn **MicroTymp®3**

Welch Allyn is pleased to announce the introduction of the **New MicroTymp®3** delivering:

- Portable, Reliable, Cost-Effective Tympanometry for Patients of All Ages
- 1000Hz Quick Interpretation Mode useful for Testing of Infants < 6 Months
- Enhanced, Field Upgradeable Software
- Welch Allyn Quality and Enhanced Serviceability

MicroTymp3 is a direct replacement for the MicroTymp2.

As of 11/23/2009, MicroTymp2 is no longer available for sale. Welch Allyn plans to service and support the MicroTymp2 for a period of five years from the effective date of the MicroTymp3 Launch, or until replacement parts are no longer available.

Effective (Launch) Date for MicroTymp®3: 11/23/09
